

# *Service*

We will be a community that serves God using our unique spiritual gifts and abilities. We will perform community service projects in Sonoma County every quarter. We will take every opportunity to be involved in Sonoma County and bring the “church” to the county.

*the* **VISION**

## *Servant Evangelism:*

- ✓ The average person requires five encounters with the gospel before turning to Jesus.
- ✓ The first 90% of coming to Jesus is pre-cognitive. The seeds of love are planted long before people consciously consider the claims of Christ.
- ✓ 30% of the de-churched would come back if they could make a difference by serving.
