

# God sends help

[Here is the video link to our story this week.](#)

## Craft – The Holy Spirit comes!

Even though nowadays when someone becomes a follower of Jesus we don't see anything on the outside, our craft is a reminder that when we follow Jesus and love him and trust him, the Holy Spirit comes to live inside us. He is our helper and shows us the way to follow Jesus.

- All we will need for this week's craft is two pieces of paper (one white or yellow), something to color with, scissors, and tape or a stapler.
- You will need to help by drawing lines for your child to color within, going from red to orange to yellow.

- Have them color in the sections with each of the different color.

- Next cut out some strips from your second piece of paper and staple the strips together.

- Wrap the long strip around your child's head to measure the right length and staple it into a loop, then staple the fire to the strip.

If you want, you can share a picture on Facebook or Instagram with #ssbchingham! 😊
