## The Terrible Lie

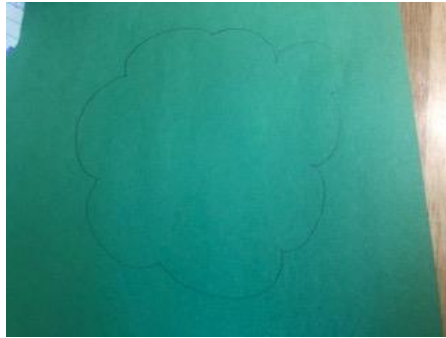

Here is the [video link to our story](#) this week.

### Craft – Fruit Tree Temptation

We are making some trees with tasty looking fruits this week. We are reminded that no matter how tempting sin can be, it never brings the true joy that obeying God brings.

For today's craft you will need a pair of scissors, a green piece of paper (or a white one colored green) some red paint (or a red crayon or marker) and a toilet paper roll.

1. Start by drawing a simple treetop on your paper and then help your little one to cut that out.

2. After they cut that out put a little bit of paint onto a paper plate or a folded paper towel and help them to dip their thumbs into the paint and make little fruits on the tree with their thumbprints.

3. Next, help them to cut two small slits at the top of the toilet paper roll and place the treetop into those slits.
