A New Beginning

[Here is the video link](#) to our story this week.

Craft – Noah’s Ark and Rainbow

This week we will be making a fun ark and rainbow. We can look at our art from this week and remember that God will take care of us just like he did with Noah. Also we can look at the rainbow and remember that God keeps his promises.

For today’s craft you will need a pair a paper plate and something to color with and if you have them some fun animal stickers.

1. Start drawing a very simple boat shape on the paper plate. And then draw some rainbow lines for your little one to color in. Add some windows if you like.

2. Help your little one to color in the boat and rainbow.

3. Add some fun stickers or draw in some animals.

4. If you have some string and a hole punch you could make this into a fun wall hanging for your room!
