### The Forgiving Prince

Here is [the video link](#) to our story this week.

#### Craft – A Royal Crown

This week we will be making crowns to remind ourselves to be like prince Joseph. He was forgiving and kind to his brothers even though they were so mean to him. He treated them with love and rescued them, just like Jesus who rescued us from our sins!!

For today's craft you will need any colored paper, some scissors, a little tape and something to color with.

1. Parents, you cut your paper in half the long way, so you have two long strips. Place one strip on top of the other and cut out a triangular pattern along the papers.

2. Tape the two strips together to form one small strip.
3. Let your little ones decorate the crown.

4. Put the crown around your little one's head and tape it in a spot that makes it fit.
