God to the Rescue

Here is [the video link](#) to our story this week.

### Craft – The Burning Bush

This week we will be making burning bushes to remind us how God came down to rescue his people. Not only did he come and talk to Moses and send the plagues, but God also came down to rescue us. Jesus came down to the cross to rescue us from our sins.

For this craft you will need scissors, a paper plate, glue and something to color with (paint markers or crayons).

1. Parents, you cut your paper plate in half. Then cut a small strip out of one of the halves. This will be the bottom of our bush.

2. Glue the top half to the little strip that is the bottom.

3. Let your little ones color the bush and the trunk.

4. Add little bits of orange and red for the fire
