God Makes a Way

Here is [the video link](#) to our story this week.

Craft – Walls of Water

This week we will be recreating the scene from our story when God parted the sea for his people. We can remember that God always makes a way for his people.

For today's craft you will need scissors, a piece of brown paper, a piece of blue paper, glue, and something to color with (markers or crayons).

1. Parents, draw a squiggly line down your blue paper like in the picture, then help your little one to cut along the line.

2. An inch or so from each edge of the brown paper put down a thick strip of glue and adhere your blue paper to the brown paper.

3. Fold back the blue papers to create a path way in the middle of the brown paper.

4. Draw some fish and seaweed on your blue paper. You can use dolls or Legos to play with this scene.
