**Operation “No More Tears!”**

Here is the [video link to our story](#) this week.

**Craft – A Light in the Darkness**

This week we will be making a candle to remind us of the light God sends into the world. Our candle can remind us of the light that Jesus is!

For today’s craft you will need scissors, a paper plate, a toilet paper roll, a piece of colored paper, a white piece of paper, glue, and something to color with.

1. Start with cutting a piece of colored paper to the width of the toilet paper roll. Glue it around our roll.

2. Next we color our white paper with some orange and red, for our fire. Fold your paper into fourths and cut out a triangle for a flame. Then glue your triangle into the inside of the toilet paper roll.

3. Use a mug to trace a circle into your paper plate. Help your little one to cut that out and color it. Cut a two inch strip of paper out of your white piece of paper and color that as well. Attach the tube to the plate circle. Next Glue the strip of paper to the plate circle, and create a loop and glue the loop.
