Here is the [video link to our story](#) this week.

Craft – Clock

This week we will be making a clock. God sent people called prophets to tell the people how to live and that God will save them. People got sad when they heard God's law and realized that they were not living the way that God wanted them to. But God didn't want his people to be sad, he wanted them to know that He would do all of the work, He would come and rescue His people. We don't need to wait anymore, because we know that Jesus is God and that He came to save us from the punishment for our sins. We are making these clocks today not because we have to wait, but because now is the time to trust in our Great God!

For today's craft, you will need four different colored pieces of paper, glue, scissors, and something to color with.

1. Fold one piece of paper in half and draw a semi-circle on the fold, and cut it out. Glue that paper to another paper. Draw a clock on it. (It can be whatever time you want).

2. Cut another piece of paper into a three-inch strip along the top of the paper, then cut that in half and glue both halves to the top of your clock paper.

3. Cut a long one-inch strip along the side of our fourth piece of paper, at the top do your best to draw a small bird, then fold your paper accordion style and glue it to the center of the top of your clock paper.
