

Let's Go!

Here is the [video link to our story](#) this week.

Craft – Boats

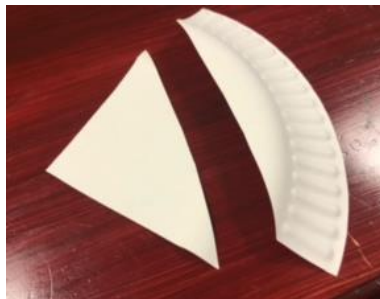

Today's craft is a boat. We can be reminded that Jesus chose ordinary fishermen to follow Him. He loved them and so they were special. Just like us!

For today's craft you will need a paper plate, scissors, tape and something to color with.

1. Help your little one to cut a paper plate in half. Then cut one of the halves into three sections: two large triangles and one strip of material in the middle like shown.

2. Cut one of the rounded triangle pieces into an actual triangle.

3. Now tape the strip piece to the paper plate half, and then tape the triangle to the top of the strip.

4. Let your little one color the boat with their favorite colors.
