Craft – Creation Book

This week is a little different – I showed the kids what to do for today's craft in the video. They will need 2 pieces of paper, something to color with (markers, crayons or paint) and a little glue.

The days of Creation are:

Our cover page is just black to represent the nothingness that was before

1. Light and Darkness, a basic Earth
2. Sky (Atmosphere)
3. Dry land and seas, plants
4. The sun, moon, stars and planets
5. Fish and water creatures, birds in the sky
6. Animals and Humans

They can draw a picture of themselves on the back, since God also created them with a special purpose.

Email me with a picture of your kids books, I would love to see what they are up to!
