

Church Family,

In lieu of our corporate service tomorrow, we are encouraging families to get together with other symptom-free families or individuals tomorrow morning to worship. Below you will find a service outline to guide your time together. Please note the sermon will be recorded and posted on our website by 10:00 am. Thank you to both Peter Brown and Blair Hanson for making the morning possible. Enjoy church tomorrow as the early church did (well maybe without the same technology). If you are experiencing symptoms or are hesitant to host others or be with others, feel free to worship with your immediate family.

Also, we encourage our church family to remember that the financial needs of Southshore don't stop when we are unable to meet together. For those not currently using automatic transfers, you can still worship through giving by sending an e-transfer to [treasurersouthshore@gmail.com](mailto:treasurersouthshore@gmail.com), making matthewmark your password/security answer. As always, thank you for your exemplary faithfulness to God's kingdom work through the ministry of Southshore.

Going forward, we will continue to re-assess the situation on a weekly basis and keep each of you informed of changes as they occur. Have a blessed morning!

SBC Elders

Southshore Bible Church  
Order of Service

March 15, 2020  
Romans 16

---

Read

Call to Worship: Psalm 46:1

Sing

Great Is Thy Faithfulness  
Come Behold the Wondrous Mystery

Read

Psalm 46

Listen

Scripture Song: Psalm 46

Pray Together

Ideas:

- God's character
- Confess sin
- Thanksgiving for God's grace
- Current issues, globally, locally
- Wisdom for world leadership
- Opportunities and boldness for Christian witness
- God would be glorified in salvation of sinners
- Love of God and of neighbour

Sing

He Will Hold Me Fast

Sermon (audio recording posted to church website)

Wise to What is Good and Innocent to What is Evil  
Romans 16

Discussion

1. Why is believing in the inspiration of Scripture so important? How can a low view of Scripture impact someone's faith and worldview?
2. How are we to relate to one another as believers? How is that different than the world? How can we love one another more fully in word and in deed?
3. What is Paul's final appeal to the churches in Rome? Why is it so important as a church to keep that warning at the forefront of our minds?
4. What are some popular false teachings that might be a danger to the "hearts of the naive?" How does our church leadership protect those who are less mature in their faith from false teaching? What can we do to help in this?
5. Why is the return of Christ, the crushing of Satan by the God of peace, a great comfort to believers? How ought we respond to personal or societal crises? How is that different from the world?

Sing

Oh How Good it Is
