*Special speaker encouraging & motivating!!:* **Anastasia Hansel**  
"A life destined for risk taking and adventure seems to have been written all over Anastasia's portfolio. She lived in the Congo DRC for the first 13 years of her life. As an adult she has returned to the Congo helping to build the capacity of Congolese women. Anastasia has led all women's cycling venues for the past 30 years cycling for solar lights that charge mobile devices sent to under-resourced women globally. She was co-founder and developer of Women of Vision for World Vision. She completed her Masters in Global Leadership degree from Fuller Seminary this past year and is currently writing her first book...  
***When God Calls a Woman...You Gotta' Keep Adventuring!***

**Special Worship by**  
**"For All Seasons"**

An amazing group of individuals who write authentically, passionately, and creatively, from their own stories, in hopes that those who hear their music connect with Jesus on a deeper level and choose to seek Him in every season of life.
