# PERSONAL STUDY HOMEWORK

Week of July 7-13

## Getting Started .....

1. What historical event during your lifetime do you remember most prominently? Why is that event so etched in your mind? What impact did that event have upon your life?

## Getting Into God's Word .....

### Read Psalm 106

1. God's people have repeated over and over again a pattern seen here in Psalm 106. Describe the elements of that pattern? What do we learn about ourselves from this pattern? What do we learn about God from this pattern?
  
2. What did the people of Israel find themselves grumbling and complaining about? Who did they look to blame for their circumstances? What do you grumble and complain about? Who do you blame for your circumstances? How does remembering God's provision in your life affect your attitude?

## Applying It In My Life .....

1. Why do we so easily forget the work of God in our lives? Reflect on the three things we are to remember from Psalm 106 – God's power, God's provision and God's promises. How does this call to remembrance guide your life? What godly attitudes or actions does it prompt in your life?
