

# Printable Valentine's Bookmark Designs

January 11, 2018

Stunning Printable Valentine's Bookmark Designs – print and color these gorgeous Whimsical Heart Bookmarks and give them to a loved one this Valentine's Day (or even [Mother's Day](#)). Love how pretty and easy it is to make these gorgeous [Valentine's Bookmarks](#)! Have fun with coloring and learn how to make these cute and easy bead tassels. Gorgeous, the perfect [Heart Craft](#) as well as [Kids Valentines Crafts](#). A beautiful guest post from Helen from Arty Crafty Kids for the 31 Days of Love Series!! Do check out her website for many more fantastic kids craft projects!!

As a coloring enthusiast, I enjoy detailed patterns that come to life with color and allow for one's creativity to shine. Each heart has been hand-drawn and filled with special intricacies that I hope you will love. Additional space around the hearts have been added for fanciful embellishments and this tutorial will demonstrate an easy peasy technique for creating beaded tassels.

Of course, the tassels could be swapped for pom-poms or even lettered bead strings to personalize with a name or special message.

The possibilities are endless and if you're feeling particularly creative, the hearts could be strung together to form a pretty mobile or garland.

For now, let's get crafty with bookmarks!

## Heart Bookmark Design – Materials

- Download and [print the heart template](#) ( Remember to adjust your printer settings to 'fit to page')
- A sheet of White Cardstock
- Coloring Pencils/Pens
- Colored Embroidery Thread
- Beads
- Scissors
- Hole Puncher
- Step 1: Download the [free heart template](#) and use your favorite medium to color the bookmarks.
- Step 2: Using a hole puncher, add a single hole to the bottom of the bookmark.
- **Making your heart bookmark tassel**

Step 3. Select your favorite colored thread, spread your fingers and wrap the thread around your fingers.

Step 4: Carefully slide the thread off your fingers and cut as shown above.

Step 5: Remove 3 pieces of thread from the bunch and add one to the heart, securing with a double knot.

**TIP:** Make sure you leave enough room between the heart and knot for your chosen beads, AND some leftover thread to wrap around the remaining bunch.

Step 6: Add the beads to the knotted thread.

Step 7: Use the remaining knotted thread to wrap around the bunch and secure with a double knot.

Step 8: Take the 2nd piece of thread and tightly wrap it around the bunch and secure with another double knot.

Step 9: Fold the bunch in half and position the remaining strand of thread about a 1cm from the top of the bunch. Wrap the thread around the bunch until it looks nice and neat. Secure with a final double knot and trim with scissors to remove any extra thread.

I hope you enjoy the process of creating your own Whimsical Heart Bookmarks and if you enjoy coloring, Arty Crafty Kids has an area dedicated to detailed [coloring pages](#) and cards for kids and adults.
