

At our most recent Board of Lay Ministry meeting on Sept. 8, 2020 we discussed the continued importance of registration for Divine Services during the pandemic, especially as we anticipate an increase in our attendance over the next while. We kindly request that you register each week by Wednesday for the following Sunday so that we can properly prepare for Holy Communion and so that we have an idea of how many service bulletins will be required. We understand that schedules change and things come up and we want to do everything we can to accommodate those situations. We ask that you please email the church office or leave a phone message if you have registered but will not be able to attend. Although we will welcome attendees who have not registered as space permits, it is important and very helpful to have an accurate registration number, especially for our volunteers preparing Holy Communion. Thank you for being mindful of the procedures we have in place for keeping everyone safe as we gather for Divine Service
