Discussion Questions

1. As a discussion starter, have 2-3 people share the story of how they knew they needed glasses.
2. Revelation 22:1-6 presents a vivid, hopeful picture of our future. Which part of that vision do you find most compelling? Which part is hardest to imagine?
3. Looking through the right lens can make all the difference in how clearly we see the world around us. What is one area in your life you need to begin viewing through the lens of the future God has promised to all who trust in Christ? How would that area look different when viewed through the promised future?
