

# TBCA After School Newsletter January 2024

## Looking for Teachable moments for your child?

Your children will learn biblical principles that they'll never forget.

A "teachable moment" is like creating an on-the-spot commercial for biblical principles using simple, everyday language and familiar objects. If you see a beautiful tree growing near a lake, for example, you can point it out and say to your child, "Isn't that tree magnificent? God says that people of faith are like that tree. Trees stay strong because they grow near the water. People stay strong when they grow closer to God."

Once you discover the three ingredients of a teachable moment, you will have a method to make a life-changing spiritual impact through everyday events. A teachable moment gives you the resources to make the Bible relevant to your children today, right now, this very moment.
