CHRIST THE KING

ANNUAL Thanksgiving FOOD DRIVE 2021

It's the time of year that we give thanks for all God's blessings and love in our lives. We have the opportunity to respond to those blessings & show the love that is shown to us by providing food to those who need it through this food drive. The members of this small inner-city church provide for those in their community and often the pastor and his wife use their own funds to help others as part of their ministry. Most of those served are seniors and people who fall through the cracks in other sources of help.

Please help by purchasing some of the items on this list & deliver to Trinity**
