

Dear Prospective Servant Team Member,

I am so glad you are interested in joining the Camp UPC Servant Team. Servant Team members are a HUGE part of camp. In fact, camp cannot run smoothly without the Servant Team. Made up of a group of eight rising 6th through 8th grade students, Servant Team members are responsible for daily set up/tear down of all camp activities. They assist the leadership team and counselors in making sure that each camp day runs smoothly. As part of the Servant Team, at times, you may be asked to step in as a "Jr. Counselor" to lead campers. Servant Team members will set up games, clean up stations, store equipment, serve snacks, take out garbage, and love kids. Servant Team members will spend their summer selflessly serving our campers and staff.

In addition to serving, Servant Team members will be led by a Servant Team Leader who will mentor, disciple, and provide leadership to the team. Servant Team members will participate in daily devotions and a fun group activity to celebrate the conclusion of camp.

Servant Team members will look back at the end of the summer and find being part of Camp UPC was challenging. They will also look back and see the eternal difference they made by spending their summer serving others. Applying to be a Servant Team member is not something one should do without careful consideration. Much is expected of Servant Team members. Team members should be humble, faithful, diligent, mature students who want to spend their summer making a difference. Servant Team members should also be people who desire to move into positions of leadership at camp as they grow and learn. If this is you, apply to be part of our Servant Team. I can't wait for camp!

Blessings,

Jean Carland
