**Thoughts you have from listening to the message:**

**Start celebrating. Revisit action item(s) from last week.**

- Wrap up any discussion from last week.

**Start talking.**

- Who are you praying for as "Decision Weekend approaches?"

**Start sharing. Choose questions that create openness.**

- We talked about many ways to wreck your life. What are some of the other ways that people wreck their life?
- There really is only one way to save your life...Jesus. If that is the case why do you think so many people not accept his offer?
- Read Acts 16:25-28. The soldier had thought he failed so greatly that he couldn't be saved and because of this he was going to give up. Have you ever thought you failed so poorly you couldn't be helped or saved?
- Read Acts 16:29. The soldier had lost control of his life. Have you ever thought you were in control only to have your life unravel. What happened? How did that situation change you? Do you believe that the illusion of control plays a part in following Jesus?
- Read Acts 16:33-34. The jailers faith affected his family. How is your faith impacting your family? What tangible way does your life look different than it did before following Jesus?
- Often times once we come to Christ we think the only impact we can have on people is in the church. But, the reality is the biggest impact we have on people happens in our jobs and our relationships outside the church. What are some of the ways that you are or could be impacting people in your circle of influence?

**Start praying. Be bold and pray specifically.**

Father thank you for your unending grace and mercy. You found a way to save our lives even though we make a wreck out of them. Help us to be an example of the different life you offer to our family and our friends. When we have the opportunity to speak truth help us to do so in love. Thank you for letting us be a part of watching lives change.
