

**Food for Thought**  
*For the week following December 15, 2019*

1. What do you think it will be like when God returns and creates a new heaven and a new earth? What do you base your thoughts on?

2. As you read today's Scripture, how does it compare to your understanding of God returning?

3. What does 2 Peter 3:9 mean in your own words? How would you explain this to someone who thinks God is slow, or not coming back?

4. What do you feel that you need to do before God returns?

5. What do you feel we need to do as a nation before God returns?

6. What steps will you take to turn questions 5 and 6 into action?
