# Food for Thought

***For the week following December 24, 2019***

1. How do you define peace?

2. Did Jesus come to unify people, or to divide people? Make a case for one side of this discussion and talk through it with someone who has a different opinion than yours.

3. Why is peace only reserved for those on whom God's favor rests? (See Luke 2:14.) How do we get to be one of those "on whom His favor rests?"

4. What is different about the peace that Jesus offers versus the peace that the world offers? How can we experience the peace that Jesus offers?

5. Why isn't there more peace in this world? What will you do in 2020 to help the world experience true peace?
