

## Food for Thought

*For the week following January 12, 2020*

1. List all of the leadership and character traits that you have observed in Nehemiah so far. What stands out to you about your list? Why?

2. What made Nehemiah so bold in asking the King for time off and supplies?

3. How do you think Nehemiah knew what all to ask for from King Artaxerxes?

4. Nehemiah inspires the people of Jerusalem to rebuild the wall with one simple sentence: "Come, let us build the wall of Jerusalem." How would you describe the mission of being a Jesus follower in one sentence (and in a way that inspires others to follow)?

5. What else did Nehemiah do in order to inspire the people to act? What can we learn from his example?
