

Food for Thought
For the week following January 19, 2020

1. Nehemiah's wall was completed in only 52 days. What all had to happen in order to complete the wall in so short a time?

2. The people worked as family units. What would be the advantages and disadvantages of this arrangement?

3. The people worked on parts of the wall very close to where they lived. What would be the advantages and disadvantages involved?

4. In a modern context, what are the advantages and disadvantages of ministering close to where you live (e.g., "across the street")?

5. In your opinion, what great cause would unite the people of WordServe and the surrounding community? Share your idea with at least two others!
