

Food for Thought
For the week following May 17, 2020

1. Where do you find comfort in times of crisis?
2. Today's scripture talks about a rod and a staff. What's the difference between the two? How were they used?
3. How might the rod and the staff bring comfort to the Sheep?
4. In today's passage, why do you think the rod and the staff and the idea of comfort are mentioned in the same verse as "walking through the valley of the shadow of death?"
5. How might you help others find comfort in this time of crisis?
