

Food for Thought
For the week following June 14, 2020

1. Describe prayer in your own words (e.g., what is it for? What does it do? Why should I pray?)

2. On a scale of 1 to 10, rate how passionate your prayer life is right now (1 no passion, 10 passionate!)

— What might you do to move your number 1 to the right on that scale? How can we help?

3. What do you pray about most often? Why do you think that is? Does that reveal anything about your spiritual life?

4. What will you do differently as a result of today's teaching? Who could you take with you on that journey?
