

Food for Thought

For the week following August 9, 2020

1. Read the first few verses of this Scripture. What do you observe about the Philippians?
2. What is the work that is being carried out by God in believers?
3. What does it mean that this work would be carried out to completion? What would completion look like and how do we know when we've arrived at completion?
4. How would you explain God's part in this work?
5. How would you explain the believer's part in this work?

"Completion"
Philippians 1:3-6
