

**Food for Thought**  
*For the week following August 23, 2020*

1. Summarize your initial impression of today's scripture in your own words. What do you take away from this passage at first pass?
2. Paul says he is not yet perfect in verse 12. What does this mean? Why does he point this out?
3. Paul mentions "forgetting what is behind" as a part of his progress. Do you agree with this idea? Do you practice this idea? If so, how?
4. What is the goal that Paul is aiming towards? (See verse 14). And what is the prize?
5. Now read all of Chapter 3 in Philippians. Does this change your perspective on this passage? If so, how?
