

Food for Thought
For the week following December 27, 2020

1. List all the comfort zones that exist in this text. How do they affect this story?
2. Why do you think the story of the Wise men is included by Matthew?
3. How did the wise men know where to go to find Jesus? What does this say about the relationship between science and faith?
4. Are comfort zones good or bad? Pick a side and have a discussion with someone on the other side!
5. How are comfort zones impacting your life right now? What will you do to ensure comfort zones don't hold you back from serving God in 2021?

"Comfort Zone"
Matthew 2:1-12
